1. Approval of minutes of IARC Meeting 70.

Approved

2. Update on submissions of new alleles to ENA/GenBank

Submission is on-going and moving forward.

3. Discussion of Commentary

Discussion on focus of proposed commentary. Discussion on arguments related to incorrect mapping and read calls in short read sequencing data, that may systematically miss particular genes but also generate false allele calls. MC will prepare a Figure dealing with IGHV3-11/IGHV3-48. Commentary will be open for amendments until morning of Monday July 5, 2021 (European time).

4. Next meeting: July 6, 2021 at 10 UTC
